## **VISION**

“We will become the leading paint and coating manufacturing company admired for our R&D people, who provide innovative solutions that make a difference to the world.”

## **MISSION**

“We want to become synonymous of paint and coating industries by providing innovative and sustainable paint and coating solution at competitive price to our customers by using state of the art technology.”

## **VALUES**

Passion to Excel  
Innovating for Customers  
Thriving through diversity

## **PRINCIPLES**

Integrity  
Respect  
Sustainability

## **ABOUT US**

Established in the year 2014, We at “Star chemical” are introduce our self as manufacturer of wide range of industrial paint and coating. We are leading manufacturer of different kind of industrial paint and coating like acrylic paint, PU paint, Silver paint, Alkyd paint, CR Paint, Epoxy Paint, Primer, Universal Stainer, Aerosol paint, Heat resistance paint, Acrylic lacquer, PU lacquer, Melamine lacquer, Hardener and thinner which is suitable to protect plastics, metal, and wood surface.

We are serving high quality product to our customers by continuous quality monitoring of the product by our qualified staff member and hi-technology production method.

Mr.Bharat korat and Mr. Mayur Gondaliya are continuously working to improve product quality and finding innovative solution for our valuable customer to achieve huge growth and success of organization.
